# Regulatory and Compliance

ROWAN LEGAL is the exclusive member for the Czech Republic of one of the most prestigious international networks of law firms.

We most often advise clients on competition, custom programs, criminal compliance and whistleblower protection. In addition, we handle sector-specific regulation and represent clients before regulatory authorities.

## Services provided

- Implementation of comprehensive compliance programs, including preparation for ISO certification.
- Comprehensive support for the implementation of whistleblowing systems.
- Advice on recalling dangerous products from the market.
- Preparation and implementation of ESG strategy and reporting.
- Assistance with inspections by authorities (Office for the Protection of Competition, Office for Personal Data Protection, Czech Environmental Inspection and others).
- Compliance training.
- Representation in licensing and permitting proceedings (ERO, Licensing MIT administration and others).
- Assessment of regulatory compliance when launching new products and services on the market.
- Advice for regulated sectors (telecommunications, pharmaceuticals and healthcare, dual-use goods and others).

## Awards and Memberships

We are an independent Czech law firm offering comprehensive legal services across various areas of law, including tax advice. With over 30 years of experience and more than 90 lawyers working in our Prague and Brno offices, we serve a diverse clientele, including small businesses, global groups, public institutions and individuals. Our services are regularly recognized both locally and internationally.

Each client is our priority and receives personalized attention. Our team consists of a wide range of professionals, many of whom are among the most prominent legal experts. In addition to their client work, they frequently lecture and publish.

Through our network of partner law firms, we offer top-tier legal services in over 100 countries worldwide. We are exclusive members of the global MULTILAW network and founding members of the Horizons Alliance, which covers the CEE region.
